Mid Michigan Old Gas Tractor Association

Welcome!

Greetings! The Mid-Michigan Old Gas Tractor Association, Inc. is delighted to be bringing you our 51st annual show. We welcome you to visit our grounds August 15th-17th for 3 days of fun for the entire family. Our mission is to restore and preserve old time farming and old industrial equipment, methods, and traditions. We pride ourselves on that accomplishment.

Every year our club chooses one brand of tractor to feature, and this year it's the Minneapolis-Moline. In fact, we will be hosting the Minneapolis-Moline Collectors, Inc. National Summer Show. There will certainly be a wide range of Minneapolis-Moline tractor models, as well as displays of other Minneapolis-Moline memorabilia. It's always exciting to see what states are represented at our national shows!

If you find yourself thinking "but Minneapolis-Moline isn't my favorite tractor", don't worry, we always welcome all brands at our show. Every year our display field is sprinkled with every color of tractor out there. We're just a melting pot of tractor enthusiasts, what can we say!

Not everyone comes to our show for tractors. We have grown so much over the years that we have slowly added a little something for everyone. Treasure seekers scour the flea market and arts & crafts

for that thing they didn't know they needed; some meander the displays to remember the days of yesteryear; families wander the barns as a fun history lesson of times before electronics; and then there's our long time friends that gather to make even more memories. Whatever your reason is, we're always happy to have you with us.

Again, we welcome you to come and spend a day, or maybe even the weekend, at our show. We've been working hard to put together an enjoyable event for you and your family. As the days get closer, we get more excited to have all of you visit. Barns are being cleaned, pull tracks are being prepped, engines are being oiled, vendor spaces are being filled, playground is being raked, pavilion is being power-washed, souvenirs are being stocked, and the list goes on. All of this just for you!

Come join us and see what we, in collaboration with the Minneapolis-Moline Collectors, Inc., have put together for you this year. We can't wait!

Anxiously awaiting your arrival,
The Membership of
Mid-Michigan Old Gas
Tractor Association, Inc.

Feature Tractor

Minneapolis-Moline was formed in 1929 through a merger of three smaller companies: Minneapolis Steel & Machinery Company (who were known for their Twin City tractors), Minneapolis Threshing Machine Company, and Moline Plow Company. Each of the companies brought unique talents and skills to Minneapolis-Moline, which led to 45 years of producing successful and reliable tractors.

One of the earliest successes of Minneapolis-Moline was the creation of a comfortable and easy-to-use tractor they called the UDLX Comfortactor. Developed in 1938, this tractor pioneered the concept of the closed-cab farm tractor, and revolutionized farming practices. These tractors, which also featured a heater, an electric starter, and a dashboard that included a speedometer, led to an increase in the demand for Minneapolis-Moline products. The UDLX Comfortactor was a part of one of the company's most popular series, the U series.

In 1941, Minneapolis-Moline introduced their GT tractor, which was powered by a four cylinder engine that earned it a five-plow US power rating. In 1951, Minneapolis-Moline purchased the B.F. Avery & Sons Company, and incorporated the Avery line of tractors into its own. In the early 1950s, they introduced the Uni-tractor, which was often referred to as the Minneapolis-Moline Motorcycle. Though this three-wheeled tractor was not very popular with most farmers, it was marketed as an "All-In-One"

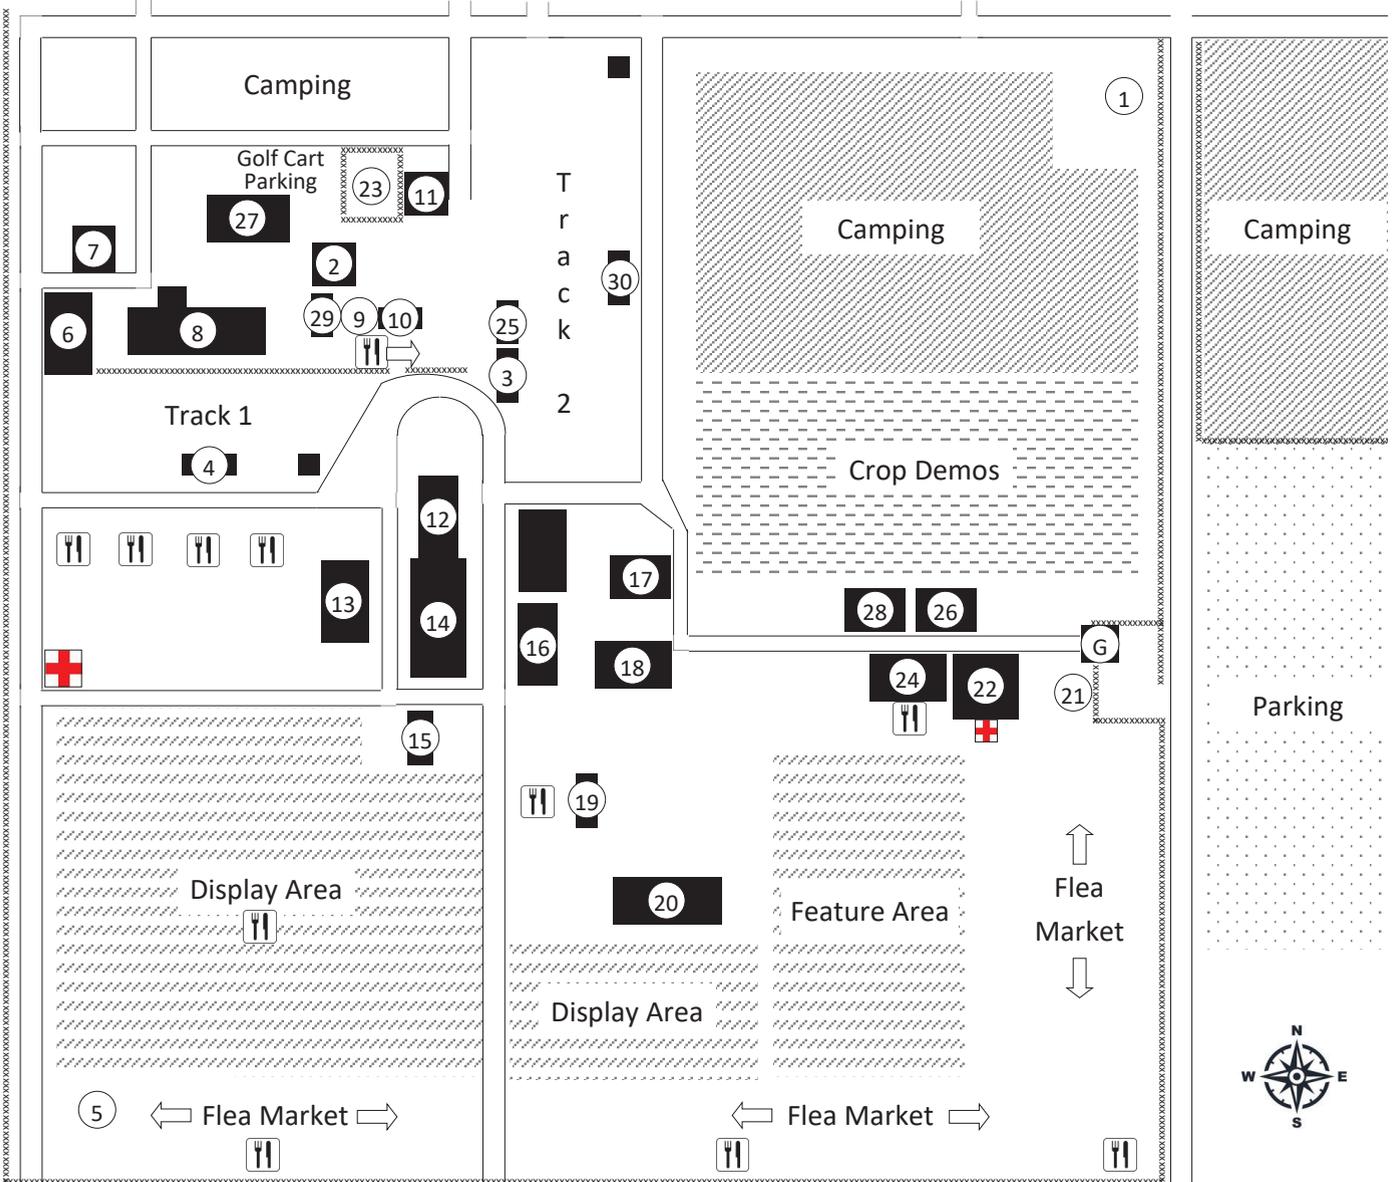

tractor; with the concept that, if mated with the right unit, it could perform all the jobs that a farmer could need.

Later in the 1950s, Minneapolis-Moline introduced their Jet Star series tractors. In addition to their sleek modern styling, this series was known for their superior performance and reliability. Other series produced by Minneapolis-Moline included: the ZB series, which was produced from 1953 to 1955; the M series, which was produced between 1960 and 1970; and the large and powerful six-cylinder G series, which was developed from 1959 to 1974.

During World War II, the company shifted production to support the war effort by producing military equipment like shell casings and aircraft parts. However, once the war was over, they dove back into producing tractors; improving on their designs, and introducing features and technologies to meet the needs of farmers.

In 1963, Minneapolis-Moline merged with White Motor Company to form the White Farm Equipment Company. While the Minneapolis-Moline production faded out in 1974, these tractors are now considered a collector's item by tractor enthusiasts everywhere. Join us this year as many of these collectors gather at the Mid-Michigan Old Gas Tractor Association, Inc. Showgrounds for the Minneapolis-Moline Collectors, Inc. National Summer Show!

Thank You!!!

MMOGTA would like to extend a sincere thank you to everyone that donates to our club. There are just too many to list, and we would just hate to leave anyone out. Your time, labor, supplies, equipment, financial support, or whatever your contribution is, helps our club to entertain and educate our guests year after year! Again, we thank you.

Frequently Asked...

If it rains, does the show close/shut down?

Absolutely not! Our show continues rain or shine!

Is there a fee to park?

No, parking is free.

Are pets allowed at the tractor show?

Pets are not allowed in the display or food areas, however, if you are camping they are allowed at your camp site. (Please do not leave pets in vehicles!)

Is alcohol allowed at the tractor show?

Alcohol is not allowed in the display area, including spectator bleachers. Alcohol is allowed in the designated bar areas and at your camp site only.

What if I have a medical emergency while I'm visiting the show?

We have a first aid station manned 24 hours a day during the show. It is located along the west fence, just south of Track 1.

Is there food available at the Showgrounds?

Yes, along with our Club Kitchen, there are many food vendors stationed around the Showgrounds.

Is there a way to tour the show without walking the whole thing?

Yes, we have people movers operating throughout the day. Grab a seat and enjoy the view!

How old must you be to drive a golf cart at the show?

Camping Information

A warm welcome to all participants and guests to our 51st show. This year our feature tractor is Minneapolis-Moline! Both fans and collectors nationwide of this fine brand will be gathering here at Oakley in 2025. Bring your camping unit, stay, and enjoy our show with our club members and other tractor enthusiasts. It will be 3 fun filled days!

General Information: No reservations. Campsites are primitive with access to potable water. A large, clean bathhouse with restrooms is available and port-a-potties are placed throughout the grounds. Each campsite allows space for **one vehicle**. Extra vehicles must park in the day lot. Our campgrounds will be open to the public starting Friday, August 8, 2025. All campers (including club members) must stop at our gate and register before setting up camp. Any units placed on the grounds prior to the show, without registration, are subject to relocation at the discretion of the camping chairmen. You must be 18 years old to register a campsite. All children 17 years and under must be with a parent or guardian. Non-registered visitors to your campsite must leave before 1:00am. Campfires must be contained in a vessel/ring. People are not allowed in the exhibit/display areas after 10:00pm.

Quiet Time: 11:00pm-7:00am. This begins at 11:00pm Wednesday night and each night until the show is over.

Generator Run Time: 7:00am-11:00pm. Please tell staff if a generator is needed for medical purposes at registration.

Fees/Passes: We accept cash or debit/credit cards (fees apply). There is a flat rate of \$45.00 per camping unit, based on 2 adults. Additional adults (18 years and older) per unit will be charged \$5.00 per person to camp. You must also purchase a weekend wristband for \$30.00 per adult. \$45.00 + \$30.00 + \$30.00 = \$105.00. The person registering the unit is responsible for all persons on their camp site. The camper sticker must be displayed on the camping unit and be visible to staff. Wristbands must be worn on your wrist the entire show. Car passes, if issued, must be attached to your windshield and be visible to staff. All stickers, wristbands, and passes will be issued to you from your contact person upon registration. Please note that all vehicles without a car pass must park in the daily parking lot. This includes club members who are not camping.

Exhibitors: There is a \$15.00 camping fee for non-member exhibitors who request a camp site. Registration of your camper is required. Exhibitors not camping must park in

the daily parking lot using their wristbands to enter the show. Tractors are not allowed in the west side camping area except for the brief time it takes to exchange equipment or make quick repairs. More information on page 13.

Arts & Crafts, Concessions, Vendors: Camping is \$30.00. One vehicle per site. Camping cost NOT included in your reserved display/sale area fee. Appropriate passes are issued by your contact person. Parking is not allowed at your display. Vehicles of those working must go to the daily parking lot. More information on page 19.

Pets: Service animals will be authorized as permitted by law. Pets are NOT allowed in the display areas. Pets must be on a leash, picked up after, controlled at all times (this includes barking), and must stay at your campsite.

Trash: Place bags in front of your camper by 10:00am daily during the show for pickup. Please keep your campsite clean. Tidy up before you leave.

Club Members: Camping units are allowed anytime after the grounds open if you have an assigned site. You may select/place a camping unit on a campsite in the main camping field the day of the August club meeting with assistance from the camping staff. You must register your camping unit at show time. Information in this Show Book applies to all members as well as the public. You may keep the same site annually if it is maintained all year and you are a member in good standing according to our by-laws. If your site is not maintained, or camper unit is not removed by October 31st, you will be placed on one year probation or camping privileges revoked (2nd year violation).

Contact: For more information call: Cheryl (989) 280-5453, Tracey (810) 287-1059, or Lacey (989) 529-7985.

People Movers

We know our show is big, and there is a lot of ground to cover if you wish to see it all. That is why we provide people movers, free of charge, to our guests. Our people movers will get you from your vehicle to the Main Gate, give you a tour of the Showgrounds, return you back to the Main Gate, or take you back to your vehicle. So when you're ready for a rest, hop on...take a seat...and enjoy the sights!

Our people movers are color coded!
 Parking Lot to Main Gate - Blue
 Main Gate to Far Corner - Green
 Showgrounds Tour - White

We also have courtesy carts available for assistance!

Depot/Train Display

Some may wonder why there's a depot and train display at a tractor club, but that is part of our mission. Mid-Michigan Old Gas Tractor Association's mission statement is "to restore and preserve old time farming and old industrial equipment, methods, and traditions". Trains were actually a vital part of farming during the industrial revolution bringing materials, equipment, and supplies across rural America.

Our display is built up of three parts. The depot is a replica of the local, long gone Oakley Depot and stands proud, greeting all that come to our show. The 1941 caboose was donated by the St. Charles Area Museum and was moved to our grounds in 2023. Our 1957 GE Switcher Engine has been operating in this area its entire life, and was donated by Gaviton Grain Elevator.

“Made In Michigan” Museum

Our "Made in Michigan" Museum displays various agricultural products made here in our home state. It also features many historical industrial items from our local area. Thanks to our partnership with The Castle Museum of Saginaw County History, our display changes every year. Come and take a stroll down memory lane with us!

Stewart Gristmill

This display was donated to our club several years ago, and last year we were able to find a crew willing to take on the massive task of restoring it. These folks are bound and determined to get this display fully functional and be able to show you how to take grain and turn it into flour. Although it may still be a static display this year, there is a chance some gears may be moving. Take a peek and see where we're at on the project and maybe cheer our restoration team on!

Cider Mill

In 2017 our club had the awesome opportunity to purchase a pair of 1890 Cider Mills. These mills had been operating for decades in nearby Laingsburg, Michigan and are now operating here at our showgrounds. Make sure you stop in and catch an eye full of this awesome display. We will show you the process from apples to cider. A special thank you to Brad Schlicher for donating apples for our demonstrations; we couldn't do it without you!

Blacksmith Shop

Jump back in time and experience blacksmithing as it was done in the "good 'ol days". Our blacksmithing crew will answer any questions you may have about the skill, and will be doing demonstrations throughout each day. You'll have to visit them to see what they're making next...it's always something new!

L.A. Haak Veneer & Shingle Mill Barn

The L.A. Haak Memorial Barn is the permanent home of our Veneer Mill, Shingle Mill, and 1903 Gang Saw. There will be demonstrations of these mills running everyday, throughout the day. Outside of the building we also demonstrate several old drag saws. If it's wood, we'll turn it into something use-able!

Wool Spinning

Also located in the L.A. Haak Memorial Barn you will find our wool spinner, Coleen Walter, busy demonstrating her skills. After being spun, the wool, now yarn, can be used for knitting, weaving, or crocheting. Feel free to ask her questions!

We have free parking!

Handle Mill

Located in the Don Hart Memorial Building, the Latz Family Handle Mill is something you must visit. They will be operating all of their large machines starting with the early 1900's Klots and also the Pratt & Whitney pattern machines. The 1917 long bed Trevor profile lathe and a 1922 W.S. Hawker dowel machine will also be in operation. Several of these machines are run by flat belts and a line-shaft powered by a 1950's V.M. 4 cylinder diesel engine from Italy. All this, plus antique lathes! What new thing will they be making this year? You'll have to stop by and see.

Meyers Steam Engine Barn

The Meyers Memorial Barn is our largest barn, and houses so much more than just steam engines. This building also contains our Machine Shop, Tin Shop, and Wood Working Shop. Shhh...don't tell anyone, but we're secretly trying to see how many displays we can fit into one building. We lost count several additions ago, and now we've added even more. Follow the whistles, browse our displays, and feel free to ask any questions you may have. We love to share our knowledge with anybody willing to learn!

Machine Shop

Ever wonder how we are able to get parts for all of our rare engine displays? It's easy, we make them in our very own machine shop! Visit us in the Meyers Memorial Barn and see just how we do it. Our machine shop will have demonstrations each day to let you in on our little secret. This is one display that just keeps growing.

Tin Shop

Come and see our display of tin-smithing and traditional metal working tools, along with finished products, at the Tin Shop of Bernard Leahy. Our live demonstrations are currently unavailable, but our staff can answer most questions you may have. If you are a tinsmith and would be interested in running our tin shop during our show, call Jody at (517) 625-3263.

Watch our wood worker, Randy Simmon, make custom carved wood signs. Using equipment donated over the years, he can take an ordinary piece of wood and turn it into a beautiful custom sign. You can even place an order to have a custom sign of your own. You can learn step-by-step how it's done!

Saw Mill

Powered by various tractors and engines throughout the day, our saw mill is used to create all the beams, studs, and siding we use to build all of our buildings. Come and watch as we turn logs into lumber to build a new display area, repair a current one, or make an addition to a current building in the near future. (We have plans...keep your eyes peeled!)

Henry Dorrurn Engine Barn

Come explore the Henry Dorrurn Engine Barn! Take a step back in time to the world run by large, antique, stationary engines. See a variety of engines ranging from those that pumped natural gas, to an engine that powered a small city. Last year we set a new show record with 50 engines in operation for our 50th anniversary! We currently have so many displays we can't even fit them all IN the barn. That's never stopped us though, last year we added two more large units. First is a 1935 Fairbanks 2 cylinder 32E, that once powered an ammonia compressor for flash freezing fruit in Sutton Bay, Michigan. Second is a 1925 4 cylinder YVA engine, which was a backup generator for the hydroelectric power plant in Caledonia, Michigan. Both of these engines were previously on display at The Shack engine show in Jugville, Michigan. We're happy our grounds is their home now, and can't wait to share them with you!

This year the engine barn lost a crucial team member. Andy Stratton put in countless hours every year preparing our engines for the show. This year the engine barn will be running all of it's engines in his memory. Rest in peace Andy, you will be missed.

Pedal Pull

Saturday 9:00am
Track 1
Open to all kids ages 3 to 7.

It's been a tradition, in the finest sense of the word, for over 30 years. Bright and early on Saturday morning, at the MMOGTA Show, everyone gathers for the Pedal Pull. One of our most popular events, we have long regarded this pull as a "gateway" activity for our many kids and grandkids as they aspire to play like the big guys and gals do. We have long noted that the same names will progress through the years to the garden tractor pull, junior pull, and on to the big time pulls. Come watch and cheer on our future pullers! Sponsored by Tim's Trophies.

Slow Race

Sunday 1:00pm

Track 1

(Registration is 12:00pm under the announcers stand.)

The object of the slow race is to take as long as you can to complete the 50ft. course with your tractor. There are now only two classes: 1957 and older (Adults) & 1957 and older (Juniors). Junior class is 16 and under. A special thank you to Muse Hair Lounge of Ovid for sponsoring this event in 2024.

Chairman: Jamie Aldrich (989) 666-3787

Rules

- Two Classes: 1957 and older (Adults) & 1957 and older (Juniors).
- Youth will be 16 years of age and under.
- Youth must have a parent or guardian sign their entry card before they can participate.
- Youth must know how to operate the tractor by themselves.
- Parent or guardian must be present track-side before youth will be allowed to participate.
- You will be timed going forward. Time will stop at 50 ft.
- If your tractor stalls before the 10 ft. line, you will be allowed to restart again. Anytime the tractor stalls after the 10 ft. line, you will be disqualified.
- Only staff have the official time. No others have a say on time.
- The course will be 50ft. including the 10ft. start line area.
- Timing will start, and the clutch be fully engaged, by the 10ft. start line.
- You are NOT allowed to use the brake to slow your tractor down on the course.

Flag Ceremony & Parade

Join us daily as the Chesaning American Legion Post 212 performs the morning Flag Raising Ceremony prior to the parade. Destinee Anderson-Hayden will be leading us in the singing of the National Anthem.

Everyone loves a parade! Come take a rest on the bleachers, or in the pavilion, for a great view of our exhibited tractors and displays. It's a great way to see all of the tractors without all of the walking!

4-H Log Cabin

The Log Cabin is a great place to visit for all ages. The cabin presents the perfect setting for old-time crafts that take place each day during the show. Activities offered are candle dipping, old-fashioned rope making, and sock demonstrations. Watch and rest on the old time porch in one of the many rocking chairs, or go inside and check out the vintage and antique sewing machines. The days events are posted at the cabin and activities take place from 10:00am to 5:00pm.

Come and enjoy the flowers and small vegetable garden the Brady 4-H members and leaders plant and take care of. Brady 4-H offers a variety of projects that youth ages 6-19 can participate in including live-stock; conservation; gardening; arts and crafts; community service projects; and many more.

For information on Brady 4-H, please contact:

Bean Soup

Served Friday and Saturday (11:00ish-4:30)

The “Bean Soup Project” was started years ago giving all donated monies to a children’s charity, and the tradition is still carried on today. There have been many beneficiaries over the years, including Ronald McDonald House, St. Jude’s Children’s Hospital, and Shriner’s Children’s Hospital; all of which assist children in need. This year we will be donating to The Old News Boys of Flint.

The following businesses have supported this program over the years: Franks Super Market, Nixon’s Grocery, Star of the West Milling, Riverside Market, and Meijer. Without their support we would not be able to help the children as much as we do. A sincere “Thank You” goes out to each of these businesses.

Stop by and grab a cup of bean soup, knowing that your donation will go directly to a child in need. The soup will fill your belly, the contribution will fill a child’s heart!

Club Kitchen

Noon-8:00pm Thursday
6:30am-11:00pm Friday & Saturday
6:30am-6:00pm Sunday

Trina with Mijo’s Food Trailer is coming to our club kitchen! She is bringing back the “all you can eat” pancake breakfast to fuel up you and your family. Pancakes and sausage will be served until 10:00am all three days.

The lunch and dinner menu will run until 11:00pm and includes walking taco’s, wet burritos, regular taco’s, sloppy joes, hot dogs, brats, and french fries. She’s got a little something for everyone!

Trina didn’t forget the kids! Along with kids prices at breakfast, there will be a kid menu the remainder of the day. Grab your kiddo a hot dog or walking taco made just for them!

Chicken BBQ

Served Sunday Only at Noon

Mouthwatering chicken dinners prepared by a crew of family and friends, with methods taught by the founding members of MMOGTA. Given this traditions history in our club, their love of carrying it on runs deep. So follow the delicious smell of our pit and grab a satisfying homemade dinner.

Serving starts around noon for a delicious meal which includes: chicken (half or quarter), baked potato, coleslaw, smoked beans, roll with butter, and bottled water.

Concessions

Who doesn't have a favorite concession food? We all have that favorite that we just can't get enough of. Luckily we have a wide variety of vendors here to please every craving. Whether it's a funnel cake, cotton candy, popcorn, ice cream, hamburger, hot dog, fresh cut fries, fresh doughnuts, hand squeezed lemonade, home-made root-beer...you get the idea. With approximately 20 food vendors, you can make everyone in your family happy!

Founders Building

Come and visit the newly refreshed and revised Founder's Building with two display types in one location! The first display type are relics from our club going all the way back to our beginnings.

The second contains items women would have used throughout history. Come reminisce (or give the young ones a lesson) through the antique kitchen including utensils and stove, a treadle sewing machine, an antique bedroom setting, and more. There are also several beautiful, handmade quilts on display, including this year's annual raffle quilt.

Thank You,
 Ashley Sports Boosters!

During our 2024 show, the Ashley Sports Boosters manned our ice booth located behind the log cabin. It is through hard work such as theirs, that we can provide easy access to bags of ice for all of our guests. Again, we thank you.

Thank You,
 Chesaning Cheer Team!

Returning once more for the 2024 show, the Chesaning Cheer Team tirelessly helped us with the parking of several hundreds of cars each day. It is through efforts such as theirs, that we can maintain some degree of organization in our massive parking area. I'm sure all of our guests appreciate the effort applied by all!

Mid-Michigan Old Gas Tractor Association is committed to caring for our environment. We have adopted a stretch of M-57 and we ensure that it stays clean. When you see this sign, it means you're getting close to our showgrounds!

Rural Living Education Day

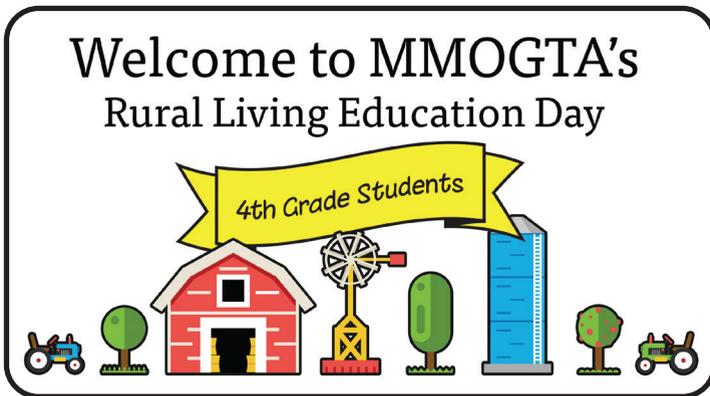

On Friday, September 27, 2024, the Mid-Michigan Old Gas Tractor Association hosted its 16th annual Rural Living Education Day program. Our Club hosted 564 fourth grade students participating from Chesaning, Durand, Merrill, Millington, Owosso, and St. Charles Public Schools as well as Immanuel Baptist School of Corunna.

At Rural Living Education Day the students visited 23 different venues, where they learned about the machinery, skills, and processes that provided rural families with food, clothing, and shelter in the early 1900's. New for the students this year was the opportunity to experience a demonstration of how to maintain and manage colonies of honeybees for the production of honey as well as to provide pollination services.

It is through the generous donations of time, money, food, and supplies made by our MMOGTA members, local businesses, and other individuals that we are able to provide this program, including a free lunch, at no cost to the schools or students. We would like to thank the following for their continued support and sponsorship: ACE Hardware, Chesaning; American Speedy Print, Owosso; Card Brothers, Chesaning; Carts R Us, Owosso; Coffield Oil Company, Bancroft; D & D Truck Parts, Corunna; D's Party Store, Oakley; Designs by Bean, Chesaning; Frank's Supermarket, Chesaning; Garber Chevrolet Buick, Chesaning; Gordon's Food Co-op, Linda Gross; Green Meadow Farms, Elsie; Greenstone Farm Credit, Corunna; Home Specialist Builders, Rod Lab-Owosso; Hutson,

A family owned and operated business for over 20 years.

Remembering A Founder...

Unfortunately 2024 was a costly year for MMOGTA, in terms of the passing of yet another founding member Carol White. As we celebrated our 50th Anniversary, it became evident that those who were there at the beginning are slowly dwindling. Only two of the eight original Founding Members remain after losing Carol last year.

It would not be a stretch to say that our group started out as a bit of a "Good Ol' Boys" club, but we likely would have been out of business long ago with that philosophy. Throughout our history, the "Founding Mothers" have all been an essential part of the club operations: holding offices, organizing, accounting, and whatever else was needed to keep the club and the show going. Carol was certainly there to do her part.

Carol was a lifelong resident of the Chesaning area, and had worked for years at Horger's Automotive, where her friendly smile and sunny disposition made her a customer favorite. She had also worked at Universal Electric, and even did a stint at what is now Granny's Kitchen in Oakley. Those same people skills made her a natural for many of the jobs she did at MMOGTA. Carol served as Secretary for the club for a number of years, and for decades, you could find her selling tickets in the Pavilion, often with her friend Kathy Frost. They usually had as much fun as their patrons. In later years, Carol was always present at the Spectator Gate, selling tickets and welcoming our guests to the show. When her shift ended, she loved to listen to the front porch band at the Founder's Building, and test her luck in the Bingo Tent. Work life aside, the role she most treasured was being mother to her 3 children, and later grandmother to 14.

Her history was very much our history, and we were fortunate that she (and all of the Founding Members) stuck with, and stayed with, the organization they started. Carol, we thank you for 50 years of dedication and hard work on our behalf, and thanks for the memories as well. May you rest in peace!

Our Show Book Sponsors...

Every year our guests, spectators, and members flip through the annual Mid-Michigan Old Gas Tractor Association Show Book to guide them through the organized chaos of the grounds. Events are searched for, featured articles are read, and pictures are examined as a point of pride. The history of the MMOGTA Show Book goes as far back as 1974, and many a member have collected them since the beginning. Without the continuous support of our community sponsors and individual advertisers, this tradition would not withstand the test of time. It is because of their generosity that we are able to entice a broader audience to our annual show, and members can continue to add to their show book collections. We hope our readers take a moment to note our sponsors, visit their establishments, and appreciate their role in our annual show. Thank you to all of our show book sponsors!

Until Next Time...

With the smell of chicken in the air on Sunday, it is hard to believe, but another show has come to a close. Flea market finds have been purchased, wheat has been threshed, trophies have been won, and memories have been made. Every year the membership is dedicated to putting on the largest gas tractor show in Michigan. With planning beginning as early as January, when it is hard to believe how quickly August will come, while the grounds are buried in snow, the work begins. We hope you have enjoyed the displays, demos, entertainment, pulls, and more. And just remember, it is not goodbye, but until next time...
